

Dear residents

Please see below this week's updates.

### **Maintenance and words update**

#### **Christmas lights**

Christmas lights will be installed along the north and south arbour and the plaza from Tuesday 23 November until Wednesday 24 November. Works will occur between 2pm and 11pm. There will be scissor and boom lifts around the Parklands and the immediate works area will be cordoned off.

#### **Queensland Rail: South Bank platform upgrade works**

As part of the South Bank platform 1 upgrade, Queensland Rail will undertake platform works in November (weather and construction conditions permitting).

For the safety of customers and construction workers, these works have been scheduled over weekends when rail traffic does not service the platform and customers cannot access the platform.

Nearby residents may experience some noise associated with construction activity, machinery and truck movements.

A single lane closure will be in place on Tribune Street, South Brisbane to assist with construction works occurring over weekends. For more information, [click here](#).
