

Dear residents

Please see below this week's updates.

Maintenance and works update

Turf replacement

A number of grassed areas around the parklands are currently cordoned off from public access to allow for turf replacement works. Access to these areas will be limited until early January while establishment of new turf is completed.

Queensland Rail: South Bank platform upgrade works

As part of the South Bank platform 1 upgrade, Queensland Rail will undertake platform works in November (weather and construction conditions permitting).

For the safety of customers and construction workers, these works have been scheduled over weekends when rail traffic does not service the platform and customers cannot access the platform.

Nearby residents may experience some noise associated with construction activity, machinery and truck movements.

A single lane closure will be in place on Tribune Street, South Brisbane to assist with construction works occurring over weekends. For more information, [click here](#).

Arbour North window cleaning

As you would be aware, apartment windows at Arbour Apartments (northern block) will be cleaned on both Grey Street and Little Stanley Street from Monday 8 November to Wednesday 10 November.

Footpaths will not be blocked off but there will be slight diversions with 'people working above' signage in place to advise pedestrians.

Please note the information provided is subject to change, we will advise you as soon as possible if there are any changes to the timings indicated.
